# Automotive

Steering you in the right direction

Our extensive knowledge of the motor trade sector gives you the assurance that we will provide you with professional advice and cost effective cover for all your insurance needs.

Whatever your niche within the automotive industry we can provide cover for you. We have experience of insuring a plethora of risks of all sizes and activities from vehicle wrappers and car supermarkets to dealerships large and small. Our successful Torque Bike motorcycle dealers scheme has extended our expertise in this market.

The great relationships we have with all of the major UK motor trade insurance companies means that we have a great choice of suppliers from which to select the **best solution for your needs.**

**"Our trusted partners  
for over a decade now"**

Robinsons Motor Group

We will develop a portfolio for you which will provide the principal covers of Property, Liability and Road Risks. For extra peace of mind we are also able to provide the following cover extensions:

- **Crime cover** if a bogus customer or third party manages to defraud you of a motor vehicle or other assets.
- **Wrongful conversion** if you innocently sell a stolen vehicle and it is re-possessed by the police.
- **A brand new replacement vehicle** for a customer, if it is damaged beyond repair prior to first delivery.
- **Offsite vehicle storage cover** at shows or exhibitions.
- **Flexible unaccompanied demonstration rules** designed to be flexible for the majority of vehicle brands and a diverse age range of potential drivers.
- **Partial comprehensive cover** – a discounted rate for clients with their own repair facilities.
- **Claims rebate and guaranteed rating agreements** to help you budget over a two or three year period.

Your dedicated team will carry out quarterly claims reviews and provide location by location claims statistics, identifying trends and worrying claims patterns. This allows us to devise risk management mechanisms to **drive down your exposure**.

**Corporate Risk Solutions**
