Private Ambulance

One Broker, One Solution

KTIB is incredibly passionate about offering the private ambulance sector the level of price, service and cover that it demands and deserves.

Our service proposition is second to none, with most of our clients benefiting from face to face contact. We regularly review your cover to ensure that your insurance programme develops alongside your business.

We are a truly independent broker and have access to numerous insurers in the market. This differs from some of our competitors who are often able to only offer cover from one or two insurers. Being able to offer competitive quotations from a wider spectrum of insurers thereby ensures you benefit from a more extensive market exercise. Moreover, our independence ensures we are able to negotiate freely with insurers to ensure wider covers.

"I can honestly say that I have not met a company who understands the market place and the sector's unique needs as much as KTIB"

Anita Human
Managing Director
Human Touch Training & Care Limited

We are able to provide cover for your whole insurance portfolio including, but not limited to:

- Motor Fleet (including “Blue Light” cover)
- Medical Malpractice / Professional Indemnity
- Employers Liability
- Public & Products Liability
- Directors & Officers Liability
- Airside Liability
- Commercial Combined, including All Risks
- Group Personal Accident
- Private Medical Insurance
- Motor Trade Insurance (should you undertake vehicle maintenance for third parties in addition to your own vehicles)
- Cyber Liability (to cover for your legal liability in respect of loss of patient data, for example)

We have identified extensions to cover that are not always available from other “specialist” providers (for example, theft from unattended vehicles and compensation for court attendance costs).

It is likely your insurance programme is a significant cost and it is essential that your cover is correct. We believe that this can only be accurately assessed by working in close partnership with our clients and face to face contact to fully understand the complex requirements of your business.

KTIB are renowned for providing bespoke solutions that meet client needs. We individually tailor each insurance programme and have the ability to offer the following enhanced services which you may not enjoy from your current provider:

- Fleet Risk Management – advice and guidance including driver handbooks, licence check forms, etc
- In-depth Claims Analysis and targeted Active Risk Management Intervention
- Health and Safety Support
- Access to discounted products and services such as “Roadhawk” in-vehicle cameras and Buildings insurance rebuild valuations
- On-line claims reporting and viewing facility
